About Us: **Popoli Ristorante** with the distinctive **Sullivan's Bar**, is an upscale, dining destination in downtown Cedar Rapids. **Popoli** translated from Italian means Peoples in English and stays true to the history of the building. The full name of the establishment honors not only the original name, Peoples Savings Bank, but also the famous architect, Louis Sullivan, who designed the bank in 1911. The building is on the National Register of Historic Buildings and is a mini-museum that humbly boasts the restoration of several unique original architectural features such as the famous Vault Room door and also displays the addition of several contemporary features. The history of Louis Sullivan, details of some of the unique features, the murals and their artist, Allen Philbrick, are documented for guests to read about. **Popoli** is locally owned and offers the People's Bank Room for private parties of up to 30 guests and the unique Vault Room for parties of 8 guests. Reservations are welcome.
