### Popoli Ristorante & Sullivan's Bar Closing Announcement

On Dec. 20, 2020, Popoli will discontinue operations. We wish to thank all of our loyal customers, employees, suppliers, and service providers for their support for the past 6+ years.

This was a difficult decision during a difficult time for many restaurants. In reflection, Popoli owners are proud of the undertaking of the restoration of this historic building after it was damaged and closed after the flood of 2008. The restaurant portion of the building is listed on the National Register of Historic Places and designed by the famous architect, Louis Sullivan, for Peoples Bank in 1910. The Iconic Vault Room and Doors, the Murals, the Stained Glass, the Chandeliers, the Teller Bars, the Marble, and the many other unique architectural features were restored and maintained for many to enjoy while dining at Popoli. Popoli is also proud of the support they have provided for the community and Kingston Village throughout the years.

The owners will pause and decide on next steps for the restaurant part of the building. They are hopeful a use can be found that honors the historic significance and beauty of the building and interior. The remainder of the building will continue to operate as an important commercial space for ImOn Communications and Kepros Physical Therapy and Performance.

Popoli will honor any gift cards prior to the closing date of Dec. 20,2020.

Popoli is also announcing the transfer of equipment and information related to their catering business to Jude Villafana, Popoli's Managing Partner, who will operate as Peppercorn Food Company in the future.
